

The following is a list of Mr. Hatheway's published work. The numbers in brackets, [], are the corresponding AEH document numbers, if applicable.

Hatheway, Alson E., "Optomechanics and the Small-Displacement Domain," *Optics and Photonics News*, Vol. 18, No. 9 (September, 2007) pp 14-16. [93944]

Hatheway, Alson E., "Actuators with 10 mm stroke and less than 300 nm of runout," *New Developments in Optomechanics*, Proceedings of SPIE, 6665-28 (Bellingham: SPIE, 2007). [93935]

Hatheway, Alson E., "Random image motion analysis with Ivory 2.0 FE models," *Optical Modeling and Performance Prediction III*, Proceedings of SPIE, 6675-14 (Bellingham: SPIE, 2007). [93936]

Hatheway, Alson E., "Ivory Optomechanical Tools for controlling random vibration effects," *New Developments in Optomechanics*, Proceedings of SPIE, 6665-21 (Bellingham: SPIE, 2007). [93939]

Hatheway, Alson E., "Designing elastomeric mirror mounts," *New Developments in Optomechanics*, Proceedings of SPIE, 6665-03 (Bellingham: SPIE, 2007). [93940]

Hatheway, Alson E., "Optomechanical Modeling of an Optical Image Correlator," *Optical Modeling and Performance Predictions*, Proceedings of SPIE, 5867-14 (Bellingham: SPIE, 2005) [93849]

Yoder, P. R., Jr. and Hatheway, A. E., "Further considerations of axial preload variations with temperature and the resultant effects on contact stresses in simple lens mountings," *Optomechanics 2005*, Proceedings of SPIE, 5877-05 (Bellingham: SPIE, 2005) [93848]

Morgan, Rhonda M., Agnes, Greg S., Barber, Dan, Dooley, Jennifer, Dragovan, Mark, Hatheway, Al, "The DART cylindrical, infrared, 1 meter membrane reflector," *Astronomical Telescopes and Instrumentation*, Proceedings of SPIE (Bellingham: SPIE, 2004). [93821]

Hatheway, Alson E., "Tests of nanometer-class structural actuators at 30 and 300 degrees Kelvin," *Astromonomical Structures and Mechanisms Technology*, Proceedings of SPIE, 5495-32 (Bellingham: SPIE, 2004). [93796]

Hatheway, Alson E., "Metrology meets nanotech," *MICRO/NANO, the newsletter of tools and products in micro and nanotechnology*, Vol. 9, No. 1 (January, 2004) pp 1-2. [93801]

Hatheway, Alson E., "Toward a Standard Nanometer," *oeMagazine*, Vol. 3, No. 12 (December, 2003) pp 13-16. [93792]

Burke, P., Caneer, A., Whitehead, A. and Hatheway, A., "Optical correlator system design using opto-mechanical constraint equations to determine system sensitivities," *Optomechanics 2003*, Proceedings of SPIE, 5176, ed. A. E. Hatheway (Bellingham: SPIE, 2003). [93793]

Hatheway, Alson E., "Error Budgets for Optomechanical Modeling," *Optical Modeling and Performance Prediction*, Proceedings of SPIE, 1578, ed. Mark Kahan (Bellingham: SPIE, 2003). [93685]

"Section 7 Nanometer Surface Texture and Step Height Measurements by Stylus Profiling Instruments," *ASME/B46.1-2002, Surface Texture (Roughness, Waviness and Lay), an American National Standard* (New York: American Society of Mechanical Engineers, 2003). [93612]

Hatheway, Alson E., *Specifying and Measuring Nanometer Surface Properties (a seminar prepared for the American Society of Mechanical Engineers)* (Pasadena: Alson E. Hatheway Inc., 2002). [93663]

White, C., Salama, M., Dragovan, M., Hatheway, A., Schroeder, J., Barber, D., Dooley, J., "Shaping of Parabolic Cylindrical Membrane Reflectors for the DART Precision Test Bed," *4th AIAA Gossamer Spacecraft Forum*, Paper Number AIAA-2003-1652 (New York: AIAA, 2003). [93687]

- Hatheway, A. E., "A Survey of Elastic Actuator Applications," *Optomechanical Design and Engineering 2002*, Volume 4771, ed. Alson E. Hatheway (Bellingham: SPIE, 2002). [93669]
- Hatheway, A. E., "A Calibrated Displacement Actuator for Nanometer Metrology," *Nanostructure Science, Metrology and Technology*, Volume 4608, ed. M. T. Postek, Jr. and M. C. Peckerar (Bellingham: SPIE, 2001). [93643]
- Hatheway, A. E., "Thermo-elastic stability of a fiber optic spread-spectrum encoder," *Optomechanical Design and Engineering 2001*, Volume 4444, ed. Alson E. Hatheway (Bellingham: SPIE, 2001). [93640]
- Hatheway, A. E., "Thermo-elastic Design of an Internal-mirror Argon Laser," *Optomechanical Engineering 2000*, Volume 4198, ed. Mark A. Kahan (Bellingham: SPIE, 2000). [93627]
- Hatheway, A. E., "Nanometer-class Structural Actuators and Instruments for Sub-nanometer Metrology," *Optomechanical Engineering 2000*, Volume 4198, ed. Mark A. Kahan (Bellingham: SPIE, 2000). [93628]
- Hatheway, A. E., "Nanometer-class Structural Actuators for Space Missions," *AIAA Space 2000*, ed. Jim Renton and Chris Moore (New York: AIAA, 2000). [93621]
- Nalbandian, R. and Hatheway, A. E., "Development of a Cryogenic Nanometer-class Repeatability Linear Actuator," *Aerospace Mechanisms Symposium 2000* (New York: AIAA, 2000). [93619]
- Hatheway, A. E., "Positioning Accuracy of Primary Mirror Actuators for Large Aperture Space Based Optical Instruments," *Current Developments in Optical Engineering IX*, Volume 4093A, ed. Robert E. Fischer and Warren J. Smith (Bellingham: SPIE, 2000). [93618]
- Hatheway, A. E., "Results of Testing of a Nanometer-Class Cryogenic Structural Actuator for NGST," *NGST Science and Technology Exposition*, ed. Eric P. Smith and Knox S. Long (Provo, UT:

- Astronomical Society of the Pacific, September, 1999), pp. 390-4. [93609]
- Hatheway, A. E., *Type 2 Actuator, Final Report* (Pasadena, Alson E. Hatheway Inc., 1999) under contract to NASA Langley Research Center, Hampton, VA (Contract No. NAS1-98035) [93607]
- Hatheway, A. E., Owens, D. V., “Cryogenic and room temperature testing of a nanometer-class structural actuator for the Next Generation Space Telescope,” *Optomechanical Design and Engineering*, Volume 3786 (Bellingham: SPIE, July, 1999). [93605]
